## 3 Checkout and Download to your PC

2. Select the e-book that you would like to read by clicking "Download" in the result list, detailed record, or from the full-text.
3. Select a Checkout Period and your desired format (EPUB is recommended for download if it's available) and click "Checkout & Download."
4. When the File Download box opens, select "Open" and the eBook opens in Adobe® Digital Editions.
5. Adobe® will prompt you to authorize your Adobe® Digital Editions if you haven't already with your Adobe ID.
