JEL Classification Codes Guide

- The guide provides JEL Code application guidelines, keywords, and examples of items within each classification.

A10 General

A11 Role of Economics; Role of Economists; Market for Economists

A110 Role of Economics; Role of Economists; Market for Economists

Guideline: Covers studies about issues related to the role of economics and economists in general. Also includes studies on the labor market for economists.

Keywords: Economists

Caveats: Studies about the market for economists may also be classified under J44, if they are of general relevance to professional labor markets.

Examples:

- A Professional Ethics Code for Economists
- Setting the trade policy agenda: What roles for Economists?
- Viability, Economic Transition and Reflection on Neoclassical Economics
- The Labor Market for New Agricultural and Natural Resource Economics Ph.D.s

How to search with JEL Classification Codes
